### Barker Gets 5 Years at Labor.

By Wire to The Telegram.

Jersey City, N. J., June 27.—Judge Blair this morning sentenced Thomas G. Barker to states prison for five years at hard labor, for attempting to kill Rev. John Keller at Arlington on February 6, last.

The Judge in sentencing Barker, held that while there was nothing in a legal sense to relieve the prisoner from extreme penalty, the court felt something might be pardoned for human weakness in the face of great provocation.

### MR. HUNT'S CONDITION.

**End Expected Within Twenty-four Hours.—Had a Sinking Spell This Morning.**

The condition of Rev. M. S. Hunt, of Burlington, an account of whose serious illness at the home of his son, Mr. E. T. Hunt, in South Greensboro, appeared in The Telegram yesterday, is about the same as yesterday afternoon. This morning he had a sinking spell, and it was thought that he was dying but he rallied before dinner. The end is expected within twenty-four hours.

### Thinks the Least Said the Better

A Telegram reporter asked Mr. W. W. Wood today, what about the slander case? He replied by saying: "I have no grievance and no complaint to communicate. I regret to see criticisms in the press, beleiving that the least said at this time the better for the public welfare. I do not think it in good taste to speak of it as the High Point scandal, in a way to reflect unfavorably upon that community, which is a part and parcel of our county, of which we have much cause to be proud."

### A Correction.

In The Telegram yesterday the typewriter made a mistake of one hour in the time of the Saturday afternoon opening of the People's Bank. It should have read from 4 to 7 o'clock.

### STORM AT PITTSBURG.

**The Wind Reached a Velocity of 90 Miles.**

Pittsburg, June 26.—The storm which struck Pittsburg and vicinity this afternoon was short in duration, but terrific in power and disastrous in effect. The lightning and thunder was practically continuous for about 30 minutes, and wind attaining a velocity of 90 miles an hour and .46 inch of rain fell. The temperature fell 24 degrees within an hour. One woman was killed instantly by lightning and several other persons may die from the same cause; numberless houses and churches were struck by lightning and several picnic parties were panic- stricken.

The waters rushed down the hills around Homestead and literally engulfed the town. The extent of damage done there is the worst in the history of the town and will reach many thousands of dollars in property loss. Besides the numerous houses that were partially wrecked, four steel bridges of the Monongahahela street railway were washed out. At South avenue park, at the end of the Suburban Traction Company's line, a picnic party composed of 1,200 persons, 700 of whom were children, gathered in the dancing pavilion for shelter from the storm. Lightning struck a tree within eight feet of the pavilion and set fire to the structure. The picnickers were panic-stricken, women fainted, children screamed and even the men in the party gave way to their fright. Fortunately the heavy rain extinguished the ames and although a large number of the party were more or less hurt in the panic, none were seriously injured.

A similar panic ensued at St. Joseph's Paroachial School, on Mount Olive, where commencement exercises were being held. The hall was filled with children and their parents when the lightning struck the building, tearing a portion of the roof away. No fatalities resulted.

### Suspected of Murder.

Correspondence of The Telegram.

High Point, June 27.—This morning about 9 o'clock Ed Thomas, son of Mr. Ped C. Thomas, of Thomasville, was found alongside ther allroad two miles south of here, dead. Close to him was a gallon jug of whiskey, a pistol, an empty beer bottle with an opener, and in his coat pocket an opened knife. His body was badly mangled. I learn that there is suspicion of murder; that is is probable the young man was first killed, then placed on the track for the train to run over so as to cover up the deed. A coroner's inquest had not been held at this writing. The father of the dead man is an ex-member of the legislature. The young man was clerk in his father's store in Thomasville.

### Prices Tonight.

The prices for Blind Tom tonight are 35 and 50 cents. Reserved seats 75 cents. Half of the down stairs has been reserved.

Messrs. Harry-Belk Brothers Company have put on a delivery wagon for the benefit of their customers.

If you have never heard Blind Tom you should certainly do so tonight. If you have heard him, it is unnecessary to say that you will be glad to avail yourself of an opportunity of doing so again.

### Rather Close Call.

Danville Bee.

Yesterday forenoon as a freight train was running from Danville and was just the other side of Milton, N. C., on the Atlantic and Danville branch, a little negro playing beside the track got bewildered at suddenly realizing the nearness of the train and came on to the track in front of the engine. Wonderful to relate the cowcatcher threw him well to one side in the ditch, and when the engine was stopped and the crew ran back, the youngster was found with a bloody nose and mouth, but no serious injuries and no bones broken. He was thoroughly scared, however, and will give the track a wide berth for a time.

Every woman has two particular men—one that she thinks she is in love with, and another that worries her.

By the time the average man is forty there are at least four women that would wear around tube-roses in his memory.

### A REM KABLE CAREER

**Probably the Richest Colored Man in America a Visitor in Danville.**

Danville Register.

Probably the wealthiest colored man in Amercia was in the city yesterday He was born a slave in Henry county sixty-four years ago. By ownership his name would be Edward Abington, but like many others of his race, he preferred that of his slave father and took the name of Edward Dillard "Dr." Edward Dillard, as his friends style him, he having been a successful druggist in Chicago for several years of his wonderfully prosperous career.

The father and mother of the doctor was at one time onwed by Captain H. C. France, and a sister of his was owned by J. H. Schoolfield. Dillard himself was owned by Mrs. Lucindy Abington, who still resides in Henry county.

Edward made his escape from slavery in 1863, passing through the hostile lines, made his way to Pittsburg where he made $2.50 a day shoveling pig iron and lived on 30 cents a day until he had saved up $1,400, when he bought a horse and cart and begun the peddling of coal, working in the day and studying at night. Having added to his capial while in the coal business he went to Chicago and opend a drug store. He employed a capable drug clerk, whose duties were to wait on customers and teach the proprietor the druggists' art. His establishment was burned in the great Chicago fire; but he was saved from loss and made a little better off by an insurance policy of $10,000.

He again opened up in the drug business, but soon sold out for $22,000 cash. He then went to Autrialia and embarked in the cattle business— raising, buying and shipping cattle. He would buy and ship as many as 5,000 head a month to Liverpool, making large profits on each shipment.

In the meantime, he had purchased, years before, a piece of suburban real estate then near but now in the heart of the City of Chicago, and for which he has recently refused an offer of more than $200,000. He also owns a valuable estate in Australia. While in the city yesterday he deposited with the Citizens' bank two drafts on the Melbourne, Australia, bank for thirty-seven thousand dollars.

When he took his departure from Henry a little more than thirty-seven years ago, he left behind him a son and daughter. His mission in Virginia was to find them. They had not heard from him for years. He readily found both living in Reidsville, N. C.

Dr. Dillard says he will not return to Australia, but will dispose of his holdings there and henceforth live and die in old Virginia.

He is an unassuming and well-mannered colored man and speaks of his old owners and their relatives with kindly veneration as "Master" or "Mistress" So and So. He said to a reporter of The Register "that the greatest fault of his race" was: "They do not know the value of a dollar; they will not save up. They can make it, but will spend it."

Dr. Dillard is easily worth between a quarter and a half million dollars. He expected to return to Reidsville with his daughter last night.

### CONDUCTOR HURT.

**His Train Parted and the Sudden Stoppage Caused the Injuries.**

Capt. W. P. Thaxton, a freight conductor on the Raleigh division of the Southern Railway, sustained painful injuries yesterday afternoon near McLeansville. His train, a long freight, parted near the engine, and the breaking of the air, set the emergency brake. This caused the train to suddenly stop and Capt. Thaxton, who was sitting in the cupalo, was thrown through the window onto the top of his train. His face was cut by the glass, and he was otherwise injured. He was brought to Greensboro and received medical attenion, and later went to his home in Spencer. His injuries, though painful, are not serious. He is one of the most popular conductors on his division.

section, one in the eastern section, one in the central section, and one from the county at large. At the first election of said Highway Commission by said Commissioners of Guilford County, two members of said Highway Commission shall be elected for two years, two members for four years and two members for six years, provided, that said Board of County Commissioners shall have power to fill all vacancies by death, resignation or otherwise, for any unexpired term, provided further, that at least two members of said Highway Commission shall at all times be from members of a different political party from that of the majority of said Board of County Commissioners; said two members to be selected from the political party casting the next highest vote to that political party electing the majority of said Board of County Commissioners at the last election held for the election of county officers. That as soon as practicable after the election of said members of the Highway Commission, they shall meet and organize by electing one of their members chairman of said Commission, and another of their members clerk and another or some other suitable person treasurer thereof, and shall pass such rules and regulations for their government as they shall deem best; Provided, that the Highway Commissioners shall take an oath before some person authorized to administer oaths to perform the duties of said office to the best of their skill and ability.

Section 5. In the event that the requisite majority of qualified electors of said County shall vote "For Good Roads" at said election and the result shall be declared and recorded as aforesaid, the Board of Commissioners of Guilford County shall have prepared bonds in denomination not exceeding one thousand and not less than one hundred dollars, the total amount to be that provided for in the first section of this act; and the said bonds shall bear a rate of interest not exceeding five per cent. per annum, with the interest coupons attached, payable semi-annually on the first day of January and July during the time of their running, and the principal thereof shall be payable or redeemable at such time or times not exceeding thirty years from the date of their issue as the said Board of Commissioners of Guilford County may determine. Said bonds and coupons shall be payable at the office of the Treasurer of Guilford County, North Carolina. Said bonds and coupons shall be signed by the Chairman of the said Board of County Commissioners, and countersigned by the Clerk of said Board, and said bonds shall have upon them the seal of said County. The said bonds shall be styled "Guilford County Highway Improvement Bonds."

Section 6. Immediately upon the preparation and signing of said bonds the said Board of Commissioners of Guilford County shall turn over to the Chairman of the Highway Commission all of said bonds without the County seal having been affixed, and said Highway Commission shall have the power to advertise and sell any or all of said bonds at such time or times as they shall deem best, for the purpose of raising a fund with which to repair, make, and improve the public highways of said County as aforesaid: the expense of said advertising and selling, or any other necessary expenses in regard thereto, shall be paid out of the taxes levied for road purposes for the previous year by the Board of County Commissioners, and collected by the sheriff of said County.

Provided, that before delivering any of said bonds, sold by the provisions of this section and under this Act, the Chairman of the Highway Commission shall apply to the custodian of the seal of Guilford County, whose duty it shall be to affix the said County seal to the bond or bonds so sold and no bond shall be of any value until said seal is so affixed.

Section 7. That none of the bonds authorized by this act shall be disposed of by sale, exchange or otherwise for less price than their face value, nor shall said bonds or other proceeds be used for any other purpose or purposes than those declared by this Act. When said bonds are issued they shall be numbered consecutively and the coupons attached and issued with them shall bear the number of the bonds to which they are attached. The bonds and coupons shall state on their face when they are due and where payable, and said bonds shall show by what authority they are issued. The said Highway Commission shall record all their proceedings in respect to said bonds in the minutes of their meetings, and when any of the same are sold, the number of bonds, and their denomination, to whom sold and the number of coupons attached must be recorded in said minutes, provided, that the minute books and all other books kept by the Highway Commission shall at all times be open to the inspection of the Commissioners of Guilford County.

(To be Continued in the Next Issue.)

### A Mad Dog Killed.

Salisburg Sun.

A mad dog—snapping, foaming, barking and biting at every turn—created a sensation on Main street yesterday afternoon. The dog was a large and frerocious looking canine and came from the direction of Chestnut Hill. When he reached the corner of Main street some one felled him with a rock but he got on his feet again and ran down Main towards the Western crossing. Here a volley was turned loose on him and he rolled over dead.

During his wild run down the street the dog bit several other dogs, all of which will probably be killed.

## SMALL TALK OF THE CAPITAL.

Congressman Brosius, of Pennsylvania, is said to have the best carrying voice in the house. For this reason he is called the "human megaphone."

Senator Hanna's regular appearance day after day with a pink carnation in his buttonhole recalls the same habit of the late Senator Brice, who always wore his favorite flower.

Senator Chandler was a stenographer when he was a young man, and used to write letters for Gen. Butler. He is the only stenographer in the senate, and still keeps his memoranda in shorthand notes.

Since his recent injury in an automobile accident Senator Foraker refuses to have anything to do with the machine. "A wheelbarrow," he said the other day, "is the only kind of horseless carriage I will ride in."

Secretary Long keeps on his desk an alarm clock to remind him of appointments, regarding which he is very particular. If the secretary has an appointment for, say five o'clock, the little piece will strike five times at 4:30.

Frederick Degeton, the newly elected delegate from Porto Rico, speaks English fluently and has won fame as an author and lawyer. He is a graduate of the University of Madrid and holds degrees from the colleges Salamanco and Granada.

One of the sights in Washington these days is Mme. Wu, wife of the Chinese minister, as she speeds along in her gasoline auto. She has almost abandoned her carriage, the colored driver having been converted into an engineer. My Chung, her secretary, a graduate of Yale, delivers madame's cards.

A number of enterprising automobile makers have tried to get the president to add a horseless machine to his stable equipment. They have offered him especially constructed and elaborately decorated vhicles, and have used all their commercial wiles on him and his representatives. A great many Washington officials use automobiles, but the president sticks to horses.

### Voucher Issued Twenty Years Ago to Representative Bland Presented for Payment.

A check given 20 years ago to the late Representative Bland, which was stolen from him, was the other day presented at the treasury department for payment by Senator Cockrell, of Missouri.

While Mr. Bland was serving as a member of a committee appointed to inspect the Philadelphia mint the check was given him, and amounted to $24. The pocketbook in which Mr. Bland placed the check was stolen and no trace was found of it until recently, when a contractor in demolishing a building in Philadelphia found it and forwarded it to Mrs. Bland, who asked Senator Cockrell to have it cashed for her.

### Overhead Wire Supplies Vehicles with Motive Power in a German Town.

Two modern transportation devices have been invented by a Berlin engineer, who has constructed a trolley automobile line, similar to that exhibited at the Paris exposition, at Ederswalde, a small city near the German capital. In this system the automobile receives its motive power from an overhead wire, by means of a trolley, which is connected with the automobile by a moveable cable. This allows the vehicle to turn out at any place on the road. The line has been favorably inspected by experts, and the system is expected to meet with general favor in Germany.

## IN CHRISTIAN LANDS.

Everyone in England pays on an average six shillings a year to relieve paupers.

From 1,703 to 1,712 able bodied paupers were compelled by law to serve in the British army.

The people of Iceland are all poor, but there are no paupers, no dependents; all are self-supporting. There is little or no crime there.

During the year 1900 more than 5,000,000 Bibles, Testaments and portions of the Scriptures were issued in England, an increase of nearly 600,000 copies over any previous year.

There are now in the United States 53 Florence Crittenton homes. In the past year four large homes have been organized, each home owning its own property at the time the house was opened. They are located in Seattle, Spokane, Helena and Topeka.

Thus far J. Pierpont Morgan has given $500,000 for a New York technical school, $175,000 for a botanical park in New York, $100,000 for a lying-in hospital, $150,000 for a yacht club, $300,000 for a church, $25,000 for lighting St. Paul's cathedral, London, and 30,000 rare manuscripts to the New York library.

## ARMY AND NAVY.

In 1810 an average warship had 29 guns, in 1840 46 guns; now the average is 25.

Under the new French military law organizing the colonial army the marines cease to belong to the department of the marines and are transferred to the minister of war.

A revolutionary war claim for $400, the original value of which was $46.09, contracted under the act of 1779, has just been liquidated by the treasury department. The intrest and principal amounted to $12,906.20.

There are two military posts in Washington, Fort Meyer, across the Potomac, near Arlington, and the arsenal, which stands on a point of land between the two branches of the river in the southern part of the city.

The United States navy department will exhibit at Buffalo an 8x20 foot map of the world, on which will be placed 307 miniature lead models representing the war fleets of all nations and their location from day to day.

The London policeman arrests on an average seven persons per year; the Parisian 29.

# Commanding Attention

There are several ways of getting attention.

You can attract it, draw it, plead for it, ask for it, and command it.

Which would you rather do with your printed announcement?

Everyone who makes things to sell or who does things for money, has something so say to the public.

The way that you say it is as important at least as what you say.

What you say is your part.

The way you say it is ours.

Printing that cannot be turned down, mislaid, sidetracked or overlooked is the kind we do.

It is distinguished printing—printing that not only may, but which must be seen—printing which doesn't simply ask, but which demands and commands attention.

Are not these the characteristics you want in your printing? Then come in and talk to us about the next booklet, folder, circular or other business-bringing printing thing.

**TAR HEEL COUGH SYRUP.** TRADE MARK NO. 29191.

A wonderful cough remedy, made from pure tar from the pine regions of North Carolina. Positively cures coughs, colds in the chest or lungs, and incipient consumption. Always reliable. It is splendid for children, tastes good, doses are small. For sale by all druggists at 25 Cents.

For Sale by Proximity Store Company.

### A SPRAINED ANKLE QUICKLY CURED.

"At one time I suffered from a severe sprain of the ankle," says George E. Cary, editor of the Guide, Washington Va., "After using several well recommended medicines with out success, I tried Chamberlain's Pain Balm, and am pleased to say that relief came as soon as I began its use and a complete cure speedily followed." Sold by C. E. Holton, druggist.

### A GOOD COUGH MEDICINE,

It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following la grippe, and find it very efficacious." For sale by C. E. Holton, druggist.

THTRSDAY, JUNE 27.

**POTATO PINGREE—"WHATEVER IS"**

In the death of Ex-Governor Pingree of Michigan, which occured in London Tuesday night, a picturesque picture passed from public life in America. A press dispatch which told of his death gave the following facts connected with his life:

"In 1889 the Republican party nominated Ex-Governor Pingree for mayor of Detroit and he was elected by over 2,000 majority. He was re-elected in 1891-93-95; by increased majorities each time. In 1896 Mr. Pingree was elected as Governor of Michigan by 83,000 plurality, running ahead of the National ticket by 26,000 votes. He was re-elected Governor in 1898 by about 100,000 plurality and served out his term which expired in 1900. Last March he started on the trip to South Africa which resulted in his death in London.

"Ex-Governor Pingree while he was mayor accomplished many municipal reforms, among others forcing the gas companies to lower their rates fifty cents per thousand, establishing the public lighting plant; organizing the Detroit Railway on a three cent fare basis, lowering telephone rates and breaking up a number of sewer and savings rings that were thriving when he came into office. His potato patch scheme for the relief of the poor of the city was extensively copied and brought him much fame. While Governor, Mr. Pingree devoted his energies toward securing the passage of a law taxing railroads and other corporate property on an ad valorem basis instead of specifically on their earnings. His efforts resulted in the passage of a law along these lines by the last legislature."

In ridicule he was called "Potato Pingree because he originated a scheme to give the employed of cities a chance to earn something by raising potatoes on vacant lands in and near the city, which the owners allowed to be used without compensation, for this purpose. We know little of Governor Pingree's life, and he may have been a crank or a dreamer for aught we know, but the fact that fun was poked at him does not necessarily prove that he was a dreamer. The world has a fashion of believing with Pope's expression that "Whatever IS. is right,' and it is prone to scoff at any one who suggests a change, especially if that change looks towards helping others. The world, as a whole, is not populated with genuine philanthropists and when some man comes forward with a plan to do something novel, if it be in behalf of the helpless, or is likely to antagonize any privilege that others think should belong exclusively to them, the man is quite likely to be considered a meddler and be given a nickname.

**Mocking Bird is Going.**

New York Sun.

The mocking bird is practically extinct save in captivity, and there are but few of them captive, for the bird does not take readily to a cage, and unless caught when very young it is reported to commit suicide rather than endure imprisonment or to be supplied with poison by the free birds that pity its fate. It was discovered not long ago that many of the negroes on the plantations, knowing very little about ornithology, shoot any bird they come across and are indulging in potpie made of the American nightingale.

This slaughter has been largely stopped by the license tax placed on the sale of shotguns and ammunition. This action was not taken, however, until there were very few mocking birds left in Louisiana. The same is true of the game law which was only at the last session of the Legislature, when the ducks had been killed or largely driven from Louisiana, and the action of the Ornithology in regard to sea birds also Ornithology ua ion in regard to sea birds also came a little late.

Call early at Fariss' drug store and secure your seat for Blind Tom's concert tonight.

It is easily worth the price of admission to see the genuine pleasure Blind Tom gets out of his own concert.

**ADVERTISING COMMENT.**

*By THE HUSTLER.*

Messrs. Harry-Belk Brothers Company are getting down to business, in their reduction sale, and offer great bargains in nearly all lines. The season is now on when this firm advertises its business, in a measure, by almost giving some goods away and no one interested should miss the opportunity.

* * *

Messrs. J. M. Hendrix & Company are handling Hanan & Son's fine shoes for men, of which it is said there are none better. You will not miss the object of a good shoe when buying these.

* * *

A tasteless Chill Tonic is the kind to take if such a tonic is needed, and that prpeared with Iron, as sold at Fariss' drug store, ought to be in great demand.

* * *

Ice cream that is good and plenty of it for the money with a few extras thrown in, is the kind sold by S. Chouris, proprietor of the Athenian on South Elm street. It doesn't take the public long to find out who gives the most and best, and they are learning the way very rapidly to the Athenian Ice Cream parlor.

The Loyal Temperance Legion of South Greensboro will meet at Grace M. P. church Friday at 5 o'clock. Every member is urged to be present as a full attendance is desired.

* * *

Some people seem to think that DICK'S LAUNDRY gives nothing but Domestic Finish. This is a mistake. For many years Mr. Dick did nothing but gloss work. He still has those same machines. His new machines are for Domestic work, thus practically having two laundries in one.

**Uncanny Blind Black Tom.**

Blind Tom, the wonder of the world who has played for kings and princes who has produced Verdi and Rossini and Beethoven in all their greatness, a phonographnot of Edison's contriving a poor simple imbecile, whose mind is like a baby's but whose soul is filed with music.

Blind Tom was born on General Bethune's plantation near Columbus, Georgia, in 1849. Of this event Tom says when asked about it; "I was born on the 25th of May, just aiter a hard frost. It grew warm in the afternoon and rained, but all the vegetables were killed, and we had to live on onions and berries.

Tom says thisas a phonograph would say it, and knowing probably as much about it. He cannot reason or understand. [illegible] peat.

At six years of age Tom was taken before the public as and infant prodigy. He then could play anything he heard anybody else play. He astounded the world by his wonderful imitative genius. He went to foreign cities and copied the great composers. He has their masterpieces all in his head now like the rolls of a music box, to be produced at will and turned off into the sweetest music in the world. Since then Tom has been serenading the world, playing steadily for forty years and today he is the same simple, blind baby that found the music in the Bethune parlor.

**HUNDREDS STARVING.**

**People in the Vicinity of Iager in Dire Straits—100 Believed to Have Been Drowned.**

Iager, Va., June 26.—An Associated Press correspondent reached this point today, which is the central part of Saturday's flood. Here is where the Dry Fork enters into the Tug river and along this stream the greatest destruction prevails and the loss of life here is even greater than at first reported. Beyond here for a distance of 30 miles the railroad track is almost completely washed away. The inhabitants are desolate; in fact, hundreds are starving. There is no way of securing provisions on the Dry Fork of Tug river, save on muleback. This afternoon in one drove were 20 pack mules loaded with provisions, which made the start across the mountains from here to Bradshaw, a villiage 15 miles away, where it is said many families have had no food since Saturday. The waters came down the Dry Fork as a mighty wave, fully 20 feet high. At the intersection of the Tug river it met with another huge volume. Here the Tug river rose 30 feet in two hours. Bridges which span the river here were swept away, as well as twenty or more two-story buildings.

Another storm passed over this section again last night and for several hours the rain came down in torrents. The rivers are rising again today.

# Can You Eat

anything you want? Most people cannot. When you can't, its called "indigestion," which develops "dyspepsia" —the agonizing terror of the age.

## Coleman's Guarantee

positively cures all forms of indigestion and dyspepsia. "Take it, eat what you want and be happy."

**CURED BY ONE BOTTLE.**

"I suffered for several months with indigestion and *could scarcely eat anything* without intense suffering afterwards. I found no relief until "Coleman's Guarantee" was recommended. I bought one bottle, and took it as directed, and from the very first found relief, and by the time I had taken the first bottle was not only feeling better, but was entirely cured."

**Everything Considered**

In our way of laundering. Nothingtoo small to receive attention, nothing too big to be successfully treated. The Gate City Steam Laundry does perfect work, because clear, clean, soft water is used. No injurious chemicals are used Skiled help is employed. Great care is taken. We charge ordinary rates but work is much above the ordinary. Medium gloss the thing to wear on Picnic Excursions. In fact it's economy to wear it at all times; dust and soot will not stick to your collars, cuffs and shirt bosoms, to be ground in by your other clothing. Majority wear the gloss, but we give perfect domestic when requested. Try ns.

Respectfully,

**Gate City Steam Laundry.**

F. B. REID, Manager. W. A. FIELDS, Proprietor.

## RECORD OF YESTERDAY'S STORM

**SOME OF THE DAMAGE DONE IS RECOUNTED.**

**Curbing on Church Street is Washed Away —Bridge on West Market Street Destroyed—Cow Drowned in South Buffalo Creek —Water Works Flooded and Engines Stopped—Battle Ground all Right.**

Among the many incidents of the power of the storm yesterday, and the rapidity with which the water rose in streams, some few are given. Mr. George Jackson, who lives south of the city on Ashe street, had two cows tied in a bottom near a small creek, and did not remove them before the rain, as the creek is seldom of any depth. The downpour being so hard he went to get his bovines, and when he arrived at the place he had tied them he found one drowned, and in a short time the other one would also have been lost.

There is a small branch running through the yards of Messrs J. W. Forbis and J. R. Cutchin The branch is piped through their property, but the pipes could not carry all the water, and the balance over flowed their yards, sweeping down fences, and carrying off chicken coops and the like.

The gardens along the bed of College branch were all completely washed away, scarcely a vestige of them being left. As told in yesterday's Telegram the damage to Mr. Dodson's property on East Market was very considerable. The water poured under his house and flooded his cellar, demolished some of the foundation, and almost completely ruined his green house and flowers. It is estimated that his loss will reach a total of $1,000. The Summit avenue bridge over North Buffalo was not washed away, but the abutments were badly washed, as was the street on either side of the bridge.

The dam at the park being constructed on what is known as the Fisher property north of the city, was destroyed. The loss of this dam is estimated to be about $300.

The pumping station of the water works was flooded, and the engines stopped. This cut off the supply of water, and a number of firms were compelled to stop work this morning on account of no water. Thus the spectacle was presented at the depot this morning of a number of people waiting around the station because they could not get any water with which to go to work, and others waiting because there was so much water they could not get away. So strong was the torrent that crosse the street near the Judge Dick place, on Church street, that it tore up curbing and carried it for some distance. At Proximity Mill the water flooded the finishing and card rooms and did considerable damage. The bridge on West Market street beyond the property of Mr. Benbow, about three miles out, was carried away, and people from that neighborhood are coming to town by the way of Pomona.

At the Battle Ground while the rainfall was heavy no damage was done. The pond rose considerably but the cutlets were sufficient to take off the surplus water, and the grounds are practically unwashed. A report was current on the street this morning to the effect that the dam at Revolution Mill had been washed away, but upon investigation this was found to be incorrect.

The rainfall seems to have been confined to Greensboro and immediate vicinity. Passengers from Fayetteville stated that the rainfall was very light except a short distance from the city and similar reports come from other directions. Mr. Denny, chairman of the street force when seen by a Telegram reporter this morning stated as his opinion that it would take the street force many weeks to repair the damage done by the water.

The heavy rain is explained by some as being designed o wash away the last vestige of the recent slander case from High Point.

### The Elks Barbecue.

Notwithstanding the heavy downpour of rain yesterday afternoon the Elks had their barbecue at the Fair Grounds as though nothing had happened out of the ordinary, and the occasion was a most successful and enjoyable one. A good crowd attended and thoroughly enjoyed the good things to eat and drink. Music was furnished by the Gate City Band, and aided in making the evening a success.

### The First WaterMelons.

The first water melons of the season are now on the market, and the eye of the small darkey is glued o the green exterior while his mouth waters for the luscious meat on the inside.

## RAILWAY BRIDGE GONE.

### Last Night's Trains Pass the City at Noon To-day.

The rainfall yesterday afternoon was the heaviest within the recollection of the "oldest inhabitant," whose memory of heavy rains enabled him to state positively that the heaviest one since his boyhood, excluding yesterday's, was in the year '76, but that even that one was behind yesterday performance. Besides the damages in the city, which on the streets will take the street force months to replace, the railway bridge over North Buffalo creek near the Revolution Mill, was partly washed away, so that no train could cross until this morning about eleven o'clock. The last train to cross the bridge was a freight yesterday afternoon, and within seven minutes of the time it crossed, the under portion of the bridge gave away. One of the section men claims that the bridge would not have given away, but for the fact that so much of the trash from the recent work of cleaning up the ponds and creeks above the bridge, floated down and formed a raft, and that the bridge could not withstand this raft, and so succumbed.

The county bridge which spanned Buffalo on what is known as Church street, was swept away, and passed under ther ailway brige, and lodged some distance down stream. The loss to the county on this bridge will be considerable.

The local train going south could not cross and only came through this morning just before noon. The vestibule, due here at 7:30 last night, came by way of Durham, and passed here this morning late. The other trains southward bound passed through between 12 and 1 o'clock, and the northbound trains, which since last night have occupied sidetracks near the coal chute, left on their delayed journey. While of course the railway authorities were greatly hampered by the unusual number of trains all together, yet they moved things off without any undue hitch, once the track was cleared. Passengers delayed in the city, as a rule, bore their disappointment philosophically, although one gentleman bound for Reidsvillle, to attend a marriage, was much upset by his inability reach there and attend the ceremony.

Trains this afternoon are running smoothly, and will probably be on time tonight.

## FAINTED AT THE SIGHT.

### Lady's Nervous System Receives a Shock at Sight of Water Surrounding Her Home.

One of the unfortunate incidents in connection with the storm of yesterday is the nervous shock sustained by many ladies whose homes were in danger. Mrs. L. A. Wyrick, who lives on the lower part of Bellemeade avenue, and whose health for some time has been bad, fainted at the sight of the water covering her yard, breaking down fences, and threatening to wash away her house, and had to be carried from the house. At a late hour last night she had not fully recovered, and it is doubtful if her nervous system will have completely recovered for some time to come.

### From the Philippines.

Aporri, Philippine Islands, May 22.
To the Editor of The Telegram, Greensboro, N. C.

Sir—For the information of those who may be interested in the settlement of Madison Gilmer's estate, say for me through your paper, that I will be in Greensboro about July 1. Our regiment has been assembled for transportation to the United States. We expect the transport in from Manila daily to take us on to the United States. I beg the powers to not sell his estate until I arrive. I shall buy it, if given that chance. I have worried no little over this affair, but am helpless because of my being about twelve thousand miles from home. I ask no financial favors, only an opportunity to get home and pay off the incumbrance.

Very respectfully,
DAVID J. GILMER.
Captain 49th Infantry.

### Governor Aycock and the 4th.

A note from Governor Aycock announces that he will be at the noble Hotel Guilford in due time for the festivities of the Fourth of July and conveyes the pleasing intelligence that Mrs. Aycock will honor us with her presence also on that occasion.

Yours truly,
JOS. M. MOREHEAD,
Vice President.

It's a pity some women's voices can't get their nerves pulled.

## JUSTICE WOLFE'S STATEMENT.

**SAYS THE COURT FOUND MINNIE SNYDER INNOCENT.**

**Says Further That That Being the Case, He Would Have Sent the Case Up if He Had Been Associated With a Thousand Justices.**

To All Whom It May Concern:

For the benefit of all the street critics, all the newspaper critics, the critics among the legal profession and all the balance of mankind, I will state that in the case of the State of North Carolina against Sechrist and Bennett, charged with slandering Minnie Snyder, a girl of seventeen years old, it was the unanimous opinion of the Justices presiding that Minnie Snyder is an innnocent woman within the meaning of the law of North Carolina. This being true, if there had been associated with me a thousand Justices of the Peace, I would not in that case, nor will I ever, consent to hold, when called upon to perform an official duty under the obligation of my solemn oath as a public official, that there was not probable cause sufficient to send the case up to the Superior Court for investigation by the grand jury.

J. M. WOLFE, J. P.

## MARRIAGE LAST NIGHT.

### Miss Florence North and Mr. Lawrence Thomas the Contracting Parties.

A quiet marriage was celebrated last evening at 7 o'clock, the contracting parties being Miss Florence North and Mr. Laurence B. Thomas. The ceremony was performed by Rev. P. J. Carraway at the residence of the bride's mother, Mrs. T. P. North on Morehead avenue. Only the relatives and a few friends were present and witnessed the ceremony. Immediately after the ceremony the party were driven to the station, and left for Winston to spend some time visiing there.

Miss North is a daugher of the late Thomas P. North, who for several years was engaged in the roller mill business in this city. Mr. Thomas lives at Proximity.

## WALKED THE BRIDGE.

### Excursionists are Compelled to Walk Over Buffalo to Reach Their Homes.

The excursionists who went to Lynchburg, Va., yesterday reached the city last night about midnight. Their train was stopped at Danville until it was known that they could be transferred across Buffalo with safety. The train then proceeded to where the bridge over Buffalo was damaged, and the excursionists walked across the bridge and were brought to the city on a special train was sent from here for the purpose. They report spending a pleasant day.

### Special Bible Lessons.

Miss Alice N. Mendenhall, professor of Biblical Literature in Oak Ridge Seminary, Union Spring, N. Y., will give special Bible lessons at the Friends' church tonight and tomorrow night. She will also attend the Sunday services. All Sunday school teachers and those interested in Bible study are invited to attend and bring their Bibles.

### Mr. Johnson's Talk.

Rev. Livingstone Johnson occupied the pulpit at West Washington Street church last night and delivered an eloquent talk on the "Mountain Missions." His talk was much enjoyed by all who heard it. Owing to the heavy rainfall in the afternoon with its attendant incidents, the congregation was not large. Mr. Johnson returned home this afternoon

### Your Summer Vacation.

What to do with one's summer vacation is a perennial question. Most people have neither the money nor the wish to go to an expensive, overcrowded seaside or mountain resort, and yet every man needs a few days devoted to pleasure and a complete rest at least once a year. The Cosmopolitan for July gives a solution of the problem in a well-written, illustrated article, "A Houseboat—The Modern Palace." Undoubtedly a houseboat offers a cheap and comfortable vacation, and the ranks of its devotees are constantly swelling.

### Marriage This Morning.

Miss Mollie Davis and Mr. Fred W. Brown, both of the Carpet Mill, were married this morning by justice of the peace Pritchett. The couple had intended getting married last night, but the heavy rains prevented the accomplishment of their purpose.

CHARLOTTE, N. C., Jan. 26, 1901.

Vade Mecum Spring Co., Winston-Salem, N. C.:

Gentlemen—After using 40 bottles of the Vade Mecum Mineral Water, I am prepared to say that for indigestion, sluggish liver, acidity of the stomach, with which I have been troubled for months I find it the most satisfactory of all minerul waters (Lithia, Sulphur and Tate's) I have used. I am not prepared to discontinue its use yet. I have no trouble with the troubles mentioned, yet I want to let the recovery be complete.

I have never felt better ih all my life, and I am hopeful that my cure is complete. However, I will continue the use of the water for some time to come. I allow no opportunitr to pass in which I can hely you and humanity.

I though that Harris Lithia could not be excelled, but Vade Mecum knocks it out. I am enthusiastic in its praise, and recommend it to all sufferers from above ills. Find enclosed check for which ship me a barrel at earliest convenience.

Yours very truly,
H. F. CHREITZBERG,
Pastor Tryon Street M. E. Church, South.

# GUILFORD COUNTY GOOD ROADS LAW.

The following is the full text of the Guilford county road law:

The General Assembly of North Carolina do enact:

Section 1. That the Board of Commissioners of Guilford County be and they are hereby authorized and empowered to submit to the vote of the qualified voters of Guilford county, at such time, as in their discretion, they may deem best, the first election to be held within one year after the passage of this act, the question "shall Guilford county, North Carolina, issue $300,000 of its bonds, with interest coupons attached, to repair, make, and improve the public roads in said county." Said Board of County Commissioners shall for at least thirty days preceding the election, give public notice of such election, and purpose thereof by publication in one or more newspapers published in said county: Provided that if a majority of said qualified voters of said county shall not vote to issue bonds at the County Commissioners may submit the said question to be qualified voters thereof at any other time or times under the same rules as are hereinafter provided.

Section 2. That said election shall be held and conducted in the same manner as is now in force or may hereafter be prescribed by law for holding elections for members of the General Assembly, provided, however, that said Board of County Commissioners shall appoint the registrars of election and the judges and inspectors of election and any other election officers, and registration of and challenge of voters shall be conducted in the same manner as is now provided for the election of members of the General Assembly, or may hereafter be provided, and said County Commissioners may or may not order new registration for said election. The vote shall be counted at the close of the polls and returned to the said Board of County Commissioners on election so held, the said Board of the Thursday next following the election, and said County Commissioners shall tabulate and declare the result of the election, all of which shall be recorded in the minutes of the Board of County Commissioners, and no other recording and declaration of the result of said election shall be necessary.

Section 3. That at said election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For Good Roads" or "Against Goods Roads." All qualified electors who favor the issue of said bonds shall vote "For Good Roads." All qualified electors opposed to the issue of said bonds shall vote "Against Good Roads."

Section 4. In the event that the requisite majority of qualified electors of said county shall vote "For Good Roads" at said election, and the result shall be recorded and declared as aforesaid, the Board of Commissioners of Guilford County shall elect six electors, residents of said county, to be known as the Highway Commission of Guilford county. One member thereof shall reside in the northern section of said county, one in the southern section, one in the western

## GLORIOUS NEWS

Comes from Dr. D. B. Cargile of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, teter, salt rheum, ulcers, boils, and running sores. It estimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by C. E. Holton, druggists. Guaranteed.

# Slow Healing Sores

With rich, pure, strong blood one is never troubled with sores or ulcers. A cut or any injury to the flesh heals in a few days, nature supplying the healing balm in the form of healthy, new blood; but when the circulation is tainted with poisonous germs, humors or any effete matter, a slight scratch or abrasion of the skin becomes a festering sore, tiny pimples grow to be boils, swollen joints and inflamed glands often break out into offensive, slow healing sores. A polluted blood is always a menace to health; not only does it keep the skin in a chronic state of inflammation, but every organ and fibre of the body suffers from an impure and sluggish circulation. You never feel well, you are not and never can be well until the system is relieved of its terrible load of impurities. With the blood so contaminated, so deeply poisoned, ulcers, boils and sores of every kind are apt to become chronic and often develop into Cancer.

Sores and ulcers are most often caused by poverty of the blood and a weak and slow circulation, brought on by long continued sickness, malarial poisoning, torpid liver, the use of mercury, or whatever is calculated to destroy the vitality of the blood and break down the constitution. These old chronic sores last sometimes for years, eating into the flesh, muscles, tissues, and even down into the bones, and are such a tax upon the system that it is hard for the patient to recuperate, and a simple malady often proves fatal.

**I became afflicted with a severe sore leg and from the knee to the foot was one solid sore, which was very offensive. I spent over $1,000 on two trips to Hot Springs, and local physicians treated me to no purpose. I had about decided to have my leg amputated, when a friend induced me to try S. S. S. I began to take your medicine, and in the short space of seven months it has completely and thoroughly cured me. My leg is a witness today as to what S. S. S. will do when taken regularly. The sore has healed entirely and my health has improved wonderfully. I have already gained 20 pounds.**
**J. B. TALBERT,**
**Box 245. Winona, Miss.**

Nothing so quickly or surely restores lost strength and vitality to the blood as S. S. S. It is an antidote for the severest forms of Blood Poison, as well as the irritating humors that cause the eruptions and sores that sap your very life and so greatly disfigure you. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no mercury, potash, arsenic or other hurtful drug. It cleanses the blood and purifies the circulation, thus ridding the system of the impurities that keep the sores feverish and painful. At the same time your general health improves under the tonic effects of S. S. S., and the skin becomes soft, smooth and healthy. If you are troubled with boils, carbuncles, sores or eruptions of any sort, write our physicians all about your case; don't risk your own judgment when you can get medical advice from experienced doctors free. Book on Blood and Skin Diseases to all who desire it.

### NEARLY KILLED BY A SWAN.

**Mischievous Child Beaten Into Insensibility and Dragged Out to Deep Water.**

Harry Corson, a mischievous four-year-old, was in Loring park at Minneapolis, Minn., with his grandfather, who generally looks after the little fellow. Harry, a sturdy little chap, was especially delighted with the swans. The child was playing with them, having much amusement watching them sail around and poke their long necks over the edge of the gravel beach. After awhile he began pelting the swans with sticks, they venturing close, not fearing the attack.

Suddenly the largest swan ruffled its feathers, and, mad with rage, made a dash and seized the child in its strong beak. Harry struggled for an instant, but, strong as he was, the huge bird splashed its wings in the water, throwing up water in its rage, and with swift and sure strokes dragged the child out into the water toward the center of the lake. The little fellow was too frightened to make further outcry, and for a moment the onlookers were paralyzed at what seemed to be an impending tragedy.

The swan had become thoroughly enraged and was evidently attempting to drown the child. Twice the little body was forced under the water by the strong neck of the bird, and before rescuers had reached the pair they were 20 feet out from shore. When then the maddened bird struggled with the men, reluctant to give up the fight, and a blow was necessary to make it release the child. The little fellow was carried to the office of a physician, where he was restored to consciousness.

### AIN IN SUNDAY SCHOOL WORK

**American Union Reports Progress for the Year Satisfactory to the Managers.**

The missionary work of the American Sunday School union in the year ending February 28, 1901, exhibited two gratifying features. While 1,874 new Sunday schools were organized in destitute places, only six less than the previous year, there were 594 reorganized, against 515 in the year before, and 3,523 schools visited or otherwise aided, against 2,687 of the previous year; and 9,123 cases of visit and aid to old schools, against 7,485 in the year before.

The amount received for the support of missionary work was $146,101, against $131,796, an increase of $14,305. During the year there were 222 men employed of whom 113 were at work during the whole year, and 109 during a portion of it. Two thousand, four hundred and sixty-eight schools were in operation that were not in existence one year ago, reaching 90,663 members; in addition to this, in the 3 schools aided for the first time there were 270,783 members, while 9,123 visits were also made and aid given to old schools.

The work of family visitation has been prosecuted, 175,794 such visits having been made by missionaries against 143,075 the previous year. Forty-two thousand, seven hundred and ninety-two sermons and addresses were made, against 18,714 of the year before, and 13,702 Bibles and Testaments distributed. One hundred and eight churches of different denominations have been organized as the outgrowth of the schools.

# TRY IT

Women suffering from female troubles and weakness, and from irregular or painful menses, ought not to lose hope if doctors cannot help them. Physicians are so busy with other diseases that they do not understand fully the peculiar ailments and the delicate organism of woman. What the sufferer ought to do is to give a fair trial to

**BRADFIELD'S Female Regulator**

which is the true cure provided by Nature for all female troubles. It is the formula of a physician of the highest standing, who devoted his whole life to the study of the distinct ailments peculiar to our mothers, wives and daughters. It is made of soothing, healing, strengthening herbs and vegetables, which have been provided by a kindly Nature to cure irregularity in the menses, Leucorrhœa, Falling of the Womb, Nervousness, Headache and Backache. In fairness to herself and to **Bradfield's Female Regulator,** every suffering woman ought to give it a trial. A large $1 bottle will do a wonderful amount of good. Sold by druggists.

Send for a nicely illustrated free book on the subject.

The Bradfield Regulator Co., Atlanta, Ga.

## Failure

in life is more often due to exhausted nerve force than to lack of capital.

Strong nerves are the capital that helps men conquer conditions.

When people lose their capital they set to work to regain it.

When we lose our nerve force we ought to seek a means of getting it back. There is a way, certain and scientific.

**Sexine Pills**

feed the nerves, making them steady and strong as steel.

We do not believe they can fail to cure Nervous Debility and physical exhaustion; that's why we agree to refund your money if six boxes do not cure you.

$1.00 per box; 6 boxes $5.00, mailed securely sealed upon receipt of price. Book free. Address, PEAL MEDICINE Co., Cleveland, Ohio.

For sale by C. E. HOLTON, Druggist, GREENSBORO. N. C.

### A LIFE AND DEATH FIGHT.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death says. "Exposure after measles induced serious lung trouble, which ended in Consumption. All my doctors said I must soom die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost $5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat Chest and Lung troubles." Regular size 50c and $1. Trial bottles free at C. E. Holton's drug store.

HINDIPO RESTORES VITALITY

Made a Well Man of Me.

THE GREAT FRENCH REMEDY produces the above result in 30 days. *Cures Nervous Debility, Impotency, Varicocele, Failing Memory.* Stops all drains and losses caused by errors of youth. It wards off Insanity and Consumption. Young Men regain Manhood and Old Men recover Youthful Vigor. It gives vigor and size to shrunken organs, and fits a man for business or marriage. Easily carried in the vest pocket. Price 50 CTS. 6 Boxes $2.50 by mail, in plain package, with written guarantee. DR. JEAN O'HARRA, Paris

Sold by C. E. Holton, druggist.

TAR HEEL Cough Syrup, it cures. 25c.

# Well Babies Are Good Babies

**MOST LITTLE BABIES DIE, either from bowel troubles or from diseases which they contract because they are in a weak and feeble condition from bowel troubles.**

Mothers who are seeking the ideal and proper medicine to give their little ones for constipation, diarrhœa, colic and simple fevers will find LAXAKOLA the great family remedy.

It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never gripes or causes pain or irritation. BEST because it is sure and never fails. BEST because "*Children like it and ask for it.*"

It is a dangerous thing to give little babies violent remedies that rack and rend their little bodies. DON'T DO IT—give them LAXAKOLA.

A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and gas that cause it, and it also will check simple fevers, break up colds and clear the coated tongue.

Great relief is experienced when administered to young children suffering from diarrhœa, accompanied with white or green evacuations, from the fact that LAXAKOLA neutralizes the acidity of the bowels and carries out the cause of fermentation, aids digestion, relieves restlessness, assists nature and induces sleep.

**LAXAKOLA FOR WOMEN.** It is a gentle and safe remedy to use during all conditions of health of the gentler sex whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, and is invaluable in assisting to relieve obstructions which otherwise would lead to more or less severe pain or illness. It improves the complexion, brightens the eyes, sharpens the appetite, quickens the circulation, removes muddy and blotched condition of the skin and cures sick headache to a certainty by *removing the cause.* To women suffering from chronic constipation, headaches, biliousness, dizziness, sallowness of the skin and dyspepsia, Laxakola will invariably bring relief and a speedy cure.

At druggists, 25c. and 50c., or send for free sample to THE LAXAKOLA CO., 132 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

Evangelist J. E. Schoolfield, of Danville, spent last night in the city on his return from Rocky Mount, where he has been holding revival services during the past ten days.

### KRUGER IN ROTTERDAM

**President of the Last South African Republic Given an Enthusiastic Reception.**

Rotterdam, June 26.—Mr. Kruger, President of the late South African Republic, was welcomed at the railroad station on his arrival here today by the burgomaster, deputations from numerous societies and many ladies. Two bands of music on a platform played the Transvaal anthem, and hundreds of workmen's societies, with flags, were drawn up along the street leading from the station to the town hall, to which Mr. Kruger was driven, escorted by a guard of former Transvaal officers.

An official reception followed. Great enthusiasm was manifested everywhere. In a speech of welcome at the town hall, the burgomaster spoke of the similiarity between the Transvaal and Dutch struggles for liberty, and said Rotterdam wished, through Mr. Kruger, to pay homage to the little Boer nation which had shown such faith and conscience in its own strength. Mr. Kruger, in a brief reply, deplored the fact that his country was cut off from supplies and ammunition, whereas the Dutch had their own supplies during their struggles. He was fully convinced the Lord would deliver his country in His own good time. A luncheon followed the delivery of the speeches.

There was a grand serenade and torchlight procession in honor of Mr. Kruger tonight, who witnessed the proceedings from the balcony of his hotel. There was immense enthusiasm among the people. After the demonstrations many persons bearing illuminated transparencies inscribed: "Silence. The President Sleeps," paraded the streets to disperse the crowd.

The morning after a girl has had hiccoughs and cried her pillow all sop, she wakes up with the sweet belief that her poor heart had "sobbed itself to sleep."

# How to Dress Well and Be Comfortable

has been a puzzle in the minds of the public for these many years. We have at last solved the problem. Dress yourself up in one of our two piece

FRENCH FLANNEL SUITS

and you will be convinced that this long looked for combination is indeed a blessing to mankind. Up-to-date, pretty designs, well fitting, and comfortable in every respect, ranging in price from $5.00 to $10.00.

Call and give them a look.

## Vanstory Clothing Co.

ONE PRICE CASH CLOTHIERS.

# Epilepsy

weakens the body and degrades the mind. It saps the nervous strength that is the source of all health, and perverts the functions of every organ. Because of its stubborn nature, it is often called incurable. This is not true. There is one medicine that never fails to check the nervous spasms and give new strength to the entire system.

"My little girl had epilepsy so bad that in one day she suffered seventy-one fits. The doctors gave her up to die, but I began giving her Dr. Miles' Nervine and now she is perfectly well. It took five bottles to effect a cure."

MRS. ADIE LEWALLEN,
Siloam Springs, Ark.

## Dr. Miles' Nervine

allays nervous irritation, stops spasms, restores digestion and mental vigor.

Sold by druggists on guarantee.
Dr. Miles Medical Co., Elkhart, Ind.
